GOOD FRIDAY, APRIL 18TH A PUBLIC HOLIDAY

HUNDRED KNOWN DEAD THROUGH GREAT TORNADO

Dallas, April 16.—One hundred known dead had been killed as victims of the tornado which yesterday struck northern Texas, southern Oklahoma and parts of Arkansas, when order began to form from the chaos caused by the storm.

The injured, some of them as badly hurt that they cannot recover, are expected to number several hundred. The property damage while it will run into many thousands of dollars, will be smaller than at first expected, as the path of the storm avoided all principal cities striking only farm houses and smaller villages.

Last night the homeless were cared for by their neighbors. The storm in its erratic course did not devastate any entire regions, often leaving several houses untouched, and then dipping in and demolishing the next few houses. The temperature dropped to freezing along the northern line of casualties after the storm.

The hour at which the storm struck, probably caused the high death rate. Nearly all of the houses destroyed contained sleeping people. In most cases the first occupants heard of the storm when the walls crashed down upon their heads.

VISITED HERE THIS WEEK
Star, C. H. Huettner, secretary of the Lord's Day Alliance for British Columbia and Alberta, visited Wainwright Wednesday and Thursday addressing a meeting in Grace Methodist church Wednesday evening.

MID WEEK INSTITUTE
Mid Week Institute has changed its meeting to Wednesday evening instead of Sunday. Commencing Wednesday evening April 24th, to the study period from eight to nine and then enjoy with us an hour of music and readings pertaining to Easter until ten o'clock. Come once and we are sure you will come each week.

ELITE THEATRE HAS BIG DOSE OF HARD LUCK

The feature films advertised for last Friday and Saturday and Monday and Tuesday, did not materialize. The films had been shipped from Calgary on schedule time but were caught and held up at Torfild by the expressmen's strike, and as they were on route, the company refused to release them until delivered, consequently there has been no show for several days.

COCO-COLA COMPANY BRANCHING OUT

The Coca-Cola Company is spending between \$500,000 and \$1,000,000 this year developing its western business as well as doubling the capacity of its Winnipeg plant, civic officials declare today. Thirty additional employees will be added to the Winnipeg force.

Sight branches will be established between Winnipeg and the coast. They will be located at Brandon, Regina, Moose Jaw, Calgary, Edmonton, Lethbridge, Saskatoon and Vancouver. A building costing \$70,000 is being erected in each city.

CAMPAIGN OF EXTENSION

The Vermilion Livestock Protective Association have started a campaign of extension and during the past week two locals have been established at Kinross and Islay, by the president and secretary, I. Fitchback and C. W. Robinson. They mentioned and spoke in the above mentioned districts are taking great interest in this movement, and it is expected that by the time the annual meeting is held, the present membership will be increased by several hundreds.

It is the intention to include Lloydminster, Kinross, Islay, Mannville, Minburn, Wainwright, Elk Point, and the Point de Metis in the organization. A local will be established at each of the above points, if possible, with a local board of directors and secretary. In this way it is hoped the membership will be increased and the new brand book which will be issued this year will include the greater part of the registered brands in the district.

Tariff Reduction on Implements, etc Reported Coming

Winnipeg, R. L. Richardson, M.P., wired his paper the Tribune last week that the agricultural implement duties will be cut in this session, the duties on oils of all kinds used by farmers reduced to satisfy the farmers and that there will be reductions on boots, shoes, woollens and cottons. This is the decision reached by the government.

CAUGHT IN THE NET OF THE LAW

A clever capture of a man wanted by the Edmonton police was effected by Const. Hildemann at Chauvin. Word was sent down that E. H. Johnson was wanted by the Edmonton police for obtaining money on false pretences and forgery. He was located at Chauvin and when the constable went down, Johnson got wise to his condition and beat for the Saskatchewan boundary. The constable gave chase and had the discomfite of seeing his man go over the boundary about ten minutes before he could catch him. As he had no power to continue the chase, he returned to Wainwright and went back in plain clothes. Johnson thinking the coast was clear came back to Chauvin where he was caught and was taken direct to Edmonton where he will have to answer to the charges.

RETURN HOME

Pte. A. A. Peckford, and Pte. R. E. Peckford returned home last Friday. Pte. A. A. Peckford was with the 8th battalion and was taken prisoner of war in the early stages of the struggle. He was also slightly wounded. Pte. R. E. Peckford was with the 3rd Canadian Mounted Rifle, and saw four years' service. He was very fortunate in that he went through the four years without receiving a scratch.

GOLD SWORD WILL BE PRESENTED TO GEN. GRIESBACH

Greetings to Brig. General Griesbach, C.M.G., D.S.O., D.C.M., M.C., at the armories will also include a welcome to all returned men who arrived here since the 4th battalion left, stated Mayor Clarke, chairman of the reception committee.

These soldiers will be grouped together in front of the stage occupying a position of honor for the evening. There has been a good number of veterans come in since the big welcome on the occasion of the return of the 4th battalion. It is expected that by the time Brig. General Griesbach arrives, this number will be considerably augmented.

Mayor Clarke says that it has been arranged that in any future functions of a military or quasi military nature it is intended to gather all the returned men there who have arrived since the preceding welcome to soldiers.

A meeting of the parade committee has been held and arrangements for this feature have been well mapped out. The presentation to Brig. General Griesbach will consist of a illuminated address and a gold sword. The design of the sword has not yet been decided upon.

CANTATA STAGED ON APRIL 25

There is perhaps no other in the world Bible more full of simple, human emotion than the story of the Moabite maiden who became the great-grandmother of the kings of Israel. Briefly told it is as follows:

Rimelch and Naomi, a Hebrew couple and their two sons Mahlon and Chilion emigrate from Judah in a time of famine to seek in the land of Moab better conditions. The two boys marry daughters of the tribe of Moab named Orpah and Ruth.

In the course of ten years the men all die and the widowed and childless Naomi plans to return to Bethlehem. Ruth the young woman, wish to go with her but she counsels that they stay with their own people. She knows the heartaches of exile and the loneliness of life among strange people whose customs and religion are all different. Orpah yields to her course and says farewell. Ruth, however, in language of rare beauty cries: "Entreat me not to leave thee or to return from following after thee, for whither thou goest I will go, and where thou lodgest I will lodge: thy people shall be my people, and thy God my God."

So Naomi and Ruth return to the land of Judah and the hospitality received. Upon arrival Ruth as becomes the younger seeks means of livelihood. It is the time of the barley harvest and Naomi directs Ruth to the harvest fields where she may glean the ears of grain left by the reapers. It so happens that she goes to a field owned by a wealthy man named Boaz a relative of Naomi. Boaz notices the strange girl and inquires of the head reaper who she is. Being told that she is the Moabite damsel that came back with Naomi from the land of Moab the heart of Boaz warms to her and he courteously extends all the privileges of the day to her.

She is overcome by his kindness and growing before him asks, "Why have I found grace in thine eyes that thou shouldst take knowledge of me seeing I am a stranger?" He replies that it has all been told him about her affection for and fidelity to her mother-in-law and invokes the blessing of Jehovah.

At the noon meal he is particularly gracious to her and in the afternoon he secretly tells the young men that he may the more easily glean. So she gleams in the field until evening and beats out that she has gleaned, and goes home to Naomi rejoicing with an ephah (about seven and a half gallons) of barley. The unusual amount causes Naomi to enquire as to the owner of the field and being told she praises God for his kindness and tells Ruth that Boaz is a near relative.

Under Naomi's direction the Moabite maiden delicately shows her affection for Boaz who is no longer a young man. Now according to the law of Israel it was the duty of the nearest kinsman to marry the widow of a deceased relative and purchase with her his estate thus continuing the life of succession. Boaz is not the nearest but he gives the opportunity of the law to the man next in succession who declines it, leaving the way open for Boaz.

So Boaz and Ruth were married and a child came to the home who was named Obed and who ultimately became the grandfather of David the king.

So ends one of the most beautiful myths in the world, of literature. This story as told in music by Alfred R. Gault the great English composer, will be placed before the public of Wainwright and district by a chorus of thirty voices on Friday, April 25th in the Elite Theatre.

THE DAY OF OPPORTUNITY

I want you to see the chances of the time; I want you to see the opportunities; I want you to realize the peculiar atmosphere which is in existence today which I do not think existed before; and I do not want you to let it go by, but to take advantage of it and use it to your advantage and to the advantage of the nation. And I will tell you why. If we do not do it, the chance will never come again.—Peter Wright addressing Wainwright business men.

PEACE BY MAY DAY IS PROMISED OF CONFERENCE

Paris April 12.—Talk of an "Easter Peace" had given way to promise of a "May Day" peace today.

While the most chronic optimists admitted the last hope of peace by April 20 apparently had vanished there was a general feeling that the treaty would be ready for presentation to the Germans by May 1st at least. "Persons close to the 'Big Four'" intimated that an agreement has virtually been reached now a final important question—reparations, responsibility for the war, the Saar Valley, division of Prussia and Danzig and German boundaries.

The military, naval and aerial terms of the treaty have been completed for weeks. The revised league of nations covenant is ready for submission to a plenary session. An instance of how the covenant is interwoven with the treaty is provided in the settlement of the Saar problem. The "Big four" agreed that revision would be under political supervision of the league for a period of years, while France controls the important coal mines there, final ownership of which will be determined by a plebiscite directed by the league.

Enemy's First Payment On Terms of Reparation Is Set at Five Billion

Paris.—The responsibility of the German emperor for the war and the means for bringing him to trial by one of the Allied governments, probably Belgium have been definitely determined today by the council of four. This follows the definite decision on the terms of reparations for war damages, whereby \$5,000,000,000 must be paid within the next two years and an inter Allied commission assess the remaining damages for a period of thirty years, beginning May 1st 1921.

Thus two of the great obstacles which stood in the path of the rapid attainment of peace have been removed within the last 24 hours, and the period of extreme tension over the inaction and the failure to secure tangible results is succeeded by revived confidence over the great advance towards a permanent settlement.

While the tension has been greatly reduced, it is not entirely removed as much depends on the continuation of progress with respect to the remaining obstacles, notably the Saar Valley and Rhine frontier, the Adriatic issue and a number of lesser issues, which are still short of final settlement.

The agreement on responsibilities for the war is understood to have been a compromise between divided reports presented by the commission, of which Secretary Lansing is chairman. There was a practical agreement of the general responsibility of the German emperor for bringing on the war but division occurred as to whether it was

Horthorn Bull Sold at Calgary Sale For \$3,800

Calgary, April 10.—The highest bid in the sale of bulls held at Calgary, Tuesday when Earl Ralph sold his Horthorn bull for \$3,800 to Davidson Brothers, of Red Willow. Other prices were according to quality. Better prices prevailed during the sale of the Horthorns than when other breeds were offered.

COSY REST ROOM FOR FARM WOMEN

The much needed rest room for the farmer's wives has now been opened in Wainwright. The idea has been smoldered on different occasions and the ladies of the U.F.W.A. by their energetic work have the room fitted up and made comfortable now.

The room is in the Fraser Block, the entrance being on Second Avenue. Mr. Fraser has generously donated the use of this room free of charge as long as it will prove a success and be patronized.

The room is divided into two parts by a partition, and in the front is the sitting room, where comfortable rocking chairs are placed and a writing table with paper, etc. for those who want to use them. Curtains adorn the window and pictures hang on the walls, which gives the place a home-like appearance. In the rear an oil stove and dishes have been purchased, and every facility for a mother to heat water or milk for the children or where she can make a cup of tea. An up-to-date toilet room also forms part of the equipment.

The rest room is absolutely free to anyone, whether they are members of the U.F.W.A. or not, and it should prove a boon to farmers' wives who come to town, as they have now a place to meet and a place where the children can be kept warm and cozy. The success of the idea now depends entirely on whether or not the people will take advantage of this comfortable town home. Meet your friends at the U.F.W.A. rest room.

Mrs. Mary Stewart, mother of Mrs. W. E. Simpson died suddenly Tuesday morning at Lethbridge. Mr. and Mrs. W. E. Simpson and family left Tuesday evening for Lethbridge. Mrs. Stewart visited her daughter in Wainwright last summer and was 45 years of age, and had been in very good health.

LOCAL COMPANY SHOW STEADY GROWTH YEARLY

Traveling on the Grand Trunk Pacific between Saskatoon and Edmonton one of the most familiar signs in the different towns seems to be that of the Imperial Lumber Company Ltd., this company, starting in 1906, when the town of Wainwright was opened up as one of the divisional points on the G.T.P., with one yard in that place, have gradually extended their territory until at the present time they are doing business in most of the towns along the line between Unruh, Sask., and Edmonton, as well as at Bashaw on the G.T.P. between Tofield and Calgary, and at Lacombe on the C.P.R. still making their headquarters here, as it is the central point between their yards, to the east and those to the west.

Their business has shown a steady and conservative growth each year from the time it was first started, and as the company have the name of being good buyers of the best class of stock and are always on the lookout for the best yard managers obtainable to run their yards, this may be expected to continue.

Mr. T. G. Cook, the general manager when he was present at the lumberman convention at Calgary stated that owing to the poor crop conditions in Alberta they had not opened any new yards during the past year, but that just as soon as things were a little more normal they were in line to open at many points where business prospects looked good to them, and that they would not be satisfied to show less progress in the future than they have shown in the ten years that have elapsed since they first started in the lumber business in Alberta.

BULLS AT SALE SO FAR BRING \$68,455 TOTAL

Up to noon Wednesday at the Calgary stock show last week, \$68,455 worth of bulls had been sold, the 19th annual sale and although the bidding is not as lively as last year some top prices are being quoted for short horns. "Killean Pilot" owned by S. P. McLean of Stettler went for \$255 to James Black of Stettler. Another sale was "Ury Pride" sold by D. J. Stewart of New Alberta to Matthew Bros. Ltd., of Minneapolis.

The sale of Hereford closed Tuesday evening and the total for this breed amounted to \$54,445, while the four day sales had been sold earlier in the day at \$675. The total for the opening day of the sale reached \$65,120. There was keener interest taken in the Shorthorn class, later with some splendid prices bid on young stock.

\$540 Shorthorn Sale

Tranby Gold Drop, 121148, reserve open champion in the Shorthorn breed was auctioned for \$540. The prize animal was purchased by George Davidson of Stettler, and sold by Chas. B. Bleaching of De Winton. "Tranby Baron" another Shorthorn owned by Bleaching, went for \$500. These markings are in the pink of condition and drew good bids from the first call of the auctioneer until the hammer sounded and the bidding closed. Bleaching made \$1,040 on two bulls, which was a good showing for the Shorthorn.

Another Top Price

Another top price was bid for "T. H. Ralph's Royal Deal" Robert Horthorn of Lacombe, buying the bull for a keen bidding competition with three in the running for the better part of the day. Ralph made \$1,790 on five bulls, which was an average of \$354 a head. H. A. Switzer of Lacombe sold three yearling Shorthorns for \$955. There were 21 Herefords sold on Tuesday for \$2,445 making an average of approximately \$246 apiece. Shorthorn men Shorthorns were auctioned Wednesday morning for \$11,816 making an average of approximately \$200 a head.

RICH OR POOR

Two men may receive equal incomes and have equal responsibilities; yet one may be comparatively poor, the other comparatively rich. It is largely a matter of thrift, and accepting the aid of a bank account. Have you opened an account?

Teach the Children to Save

Habits are acquired early in life. Children, who are taught the value of money and the habit of saving, grow up into good business men and capable women.

The easiest way to teach children to save is to start a Savings Account for each child (\$1.00 each is sufficient). After a child has saved another dollar to make an additional deposit, he or she will have a better appreciation of just what a dollar stands for, and how much work and self-denial represents.

Bull Dog Smut Cleaner

No. 12—Capacity 60 Bushels Per Hour

This machine is so constructed that all smut balls are taken out of the grain and are skimmed off; the good kernels which may be infected with smut are thoroughly immersed in the formaldehyde solution. They sink to the bottom of the tank and are elevated out by means of carrier or drag as shown in the cut. This carrier sets high enough so that the grain can be elevated into a wagon box. These machines are very effective in removing King Heads due to the fact that they will float and the wheat will sink. King Heads are removed by a skimmer as they rise to the top of the solution. With these machines we absolutely guarantee to kill smut in a single season if the proper solution of 40 per cent formaldehyde is used. Furthermore, treating grain in this liquid solution, helps give the grain a luster. This is especially true when grain is planted in dry ground.

SPORTING

EDITED BY BASEBALL'S FOOTY SPINDRITY

Sports for the coming summer season are being organized thick and fast. Since the meeting last week organizing the Wainwright Athletic Association, each club has been busy. The footballers have had a meeting and elected their officers, H. V. Field, Louis being president, John Brown, secretary and T. Lismore, treasurer. The boys have looked over the field for a suitable ground and have marked off a field in the fair ground enclosure. The poles have been erected for

goals and the lines chalked off. Keen interest is being taken among the old players in the new organization and they have high hopes of perfecting a team that will give any neighboring towns a stiff proposition to beat.

Lacrosse, a brand new game as far as Wainwright is concerned, is drawing a lot of old time players to its fold. Some of the old boys who have mixed it up in the old slaughter days are W. E. Brown, S. E. Berry, W. E. Washburn, D. O. Brown, H. C. Mann, W. S. Clark, and D. W. Hansen.

A shipment of sticks were received last week and practices will begin as soon as the lacrosse balls arrive. A ground will likely be fixed up at the fair grounds.

Lacrosse is Canada's national game, but owing to the fact that it can be made a pretty rough game and is sometimes so, it has fallen slightly into disfavor. The rules have been made more stringent now and the rough play is not the style.

Gun Club Active

The members of the gun club are getting their clubhouses and trap into shape and will take up trap shooting again this summer. The high price of shells has made this a somewhat expensive sport, but even six cents apiece for shells won't stop the crack shots. The membership fee for the club is \$1.00 and W. E. Washburn or A. R. Mills will take your money.

Baseball Popular Game

Baseball, the ever popular game in western Canada, will be revived this year and put on a permanent organized basis. V. E. Graham has been chosen manager and you can leave it to "Bastus", he will see that Wainwright has a team to be proud of. Teams have been organized at Irma, Edgerton, Viking, Vegreville, Vermilion, and that great old baseball town, Mannville, and there will be plenty of opportunities to play outside teams. A league is being advocated, and should it materialize, Wainwright will be treated to some games of real excitement during the summer months.

A baseball tournament is being organized for Vermilion on the 24th of May, and Wainwright should be there with balls and walk away with the money. Get busy boys, and play ball.

Rifle Club to Be Started

Those interested in the formation of a rifle club are asked to attend a meeting to be held in the Star Office. Friday evening of this week from 7 to 8 p.m.

a big field day in aid of the Soldiers Memorial on the 24th of May was favorably considered but final action was postponed until the night of organization meeting. In the meantime the Mayor on behalf of the organizers will be pleased to receive any suggestion that may be helpful in bringing about the desirable thing of doing who seek to establish air fields of clear healthful sport in the town of Vermilion.

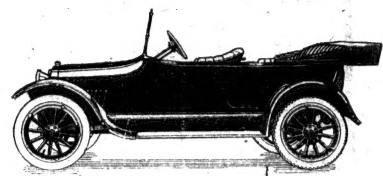

Send in your items for this page by Tuesday evening to insure publication.

NEW BREED OF SHEEP STARTED

LATHBRIDGE, April 10. Lathbridge district can boast the largest band of purebred Romney sheep in North America, and H. C. Harvey is the proud owner. He now numbers over 500 in the band, all of which are registered, with the exception of this spring's lambs, and they will be registered in a short time.

Some time ago quite a stir was made in sheep breeding circles in the United States by the publication of a statement that one U. S. Breeder had the largest flock of Romneys in America. There were about 50 in the flock, Mr. Harvey has eight times that number.

118 Per Cent Lambs

Lambing season has started in this district, but will not be general until April 15. Mr. Harvey's pure-bred Romneys are now lambing, and from 250 ewes he already has 250 fine, healthy lambs, which is remarkable. The sheep in the district have all come through the winter in fine condition, and ranchers are counting on a 100 per cent lamb crop provided the weather remains favorable through the lambing season.

Breeding New Type

Mr. Harvey is jealously guarding the lamb crop of his pure bred Romney ewes, for this year sees the start of an experiment which in about 11 years' time will see its culmination and the introduction of a new breed of sheep which will be registered under an entirely different name from any other breed now registered, and it will be a breed peculiarly fitted for the Alberta ranges, with proper attention paid to both nutrition and wool quality. By a careful selection of the breeding ewes from crossbreds of the Rambouillet ram and the Romney ewes, Mr. Harvey is breeding up the new type. Every two years will see a step taken in raising at the new type. It will take six seasons to fix the new type, so that the whole process will take 41 years. He has his plans and charts all drawn, and in the animal husbandry department of agriculture at Ottawa in set of registration books is being opened to keep track of the various families of the new breed so that there will be no in-breeding and so that the families will be kept straight, and at the end there will be no difficulty over registering the new breed. Mr. Harvey has not yet decided on a name for the type.

That the new breed will be strong in wool qualities is shown by the fact that wool from Romney crossbreds crossed last year brought the highest average price on the American market, his best wool selling for over 75¢ a pound.

COAST LACROSSE
MEN STARTING
OUT AGAIN

VANCOUVER, April 15.—Members of the old Vancouver A.C. lacrosse team, holders of the Mann Cup for several years, may come back into the lacrosse arena this season. Secretary H. A. Fowler of the club has called a meeting of the club at 3000 Douglas street, Vancouver, for next Wednesday night at 8 o'clock at the Hotel Vancouver.

Whether the V.A.C. will be in Senior amateur lacrosse again will be determined at this meeting, but aside from the fact that the old stars from the front it is expected that the "Winged V" boys will decide to break into the game again.

In regard to this matter it might be stated in the interest of clarity in the case of the Vancouver A.C. is not in legal possession of the Mann Cup. The coast organization does not hold the trophy, which is un-

derstood to be in the possession of the Vancouver A.C. lacrosse team.

21. Taylor.—That the council authorize Hervey and Beck to borrow \$2000 from the Merchants Bank to meet the current expenditure of the Municipality.

22. Taylor.—That Ed Tennant be paid \$12.00 for two days road work done in 1915.

23. Taylor.—The council of Vale 292 enact that non-residents of this district be prohibited from running cattle, horses, dogs, hogs and sheep for the purpose of grazing within the limits of said district.

24. Brown.—That a ratcatcher can not do his road work in another division without the consent of his councillor, if he does he will not be credited with the work.

25. Jackson.—That 2 heavy bay horses good substantial posts, not more than one rod apart and top wire four feet from ground, all wires one foot apart constitute a lawful fence.

Wilcox.—That we adjourn.

Minutes of the amateur championship of Canada, but it rightfully belongs to the Calgary champion. This decision was handed down by the judges a couple of years ago, but the Vancouver Club has refused to hand it over, and then challenging for the silverware must come to Calgary.

OTTAWA, April 14.—H. B. Thompson, former chairman of the Canada Food Board, and now a member of the Canadian Trade Commission, has left for Europe to co-operate with Lord Harris in arrangements for the sale of Canadian food products abroad. The two most pressing questions are the disposal of some forty million pounds of frozen beef which is in cold storage in Canada, and the sale of this year's wheat crop at as high a figure as possible. The beef was contracted for before the close of the war but when the armistice was signed, Great Britain found herself with large accumulations on hand and had no market for it, particularly as much of it was of an inferior type. Arrangements are being made for the sale of this surplus in Italy and Greece, and it is expected it will be placed.

The wheat situation is a serious and difficult one, and has been complicated by the fact that the United States has guaranteed the price at \$2.25 a bushel.

The loss to the American treasury may run to a billion dollars. Naturally, Canadian farmers want the same price as the United States; and yet the cabinet, supported by Hon. T. A. Crea, the representative of the Grain Growers, feels that it would be impossible to fix a price in Canada and run the risk of losing hundreds of millions.

The government has been endeavoring to arrange for the sale of the crop at a guaranteed price, and Sir Robert Borden has been taking a personal interest in the matter.

He has called that he has hopes as soon as the peace treaty is signed and conditions become normal, arrangements can be made for the sale of the crop.

The activity of the trade in Canada co-operating in a concentrated effort to turn the attention of the public from one end of Canada to the other, as music for one whole week, was announced by H. B. Stanton, vice-pres. and general manager of the R. S. Wainwright & Co. Ltd., Ltd. at the second annual meeting of the Canadian Bureau for the Advancement of Music. He thought it unnecessary to enlarge upon the advantages. They were as obvious. The scheme would simply involve a sacrifice of a few dollars in store being suitably decorated, special advertising in the papers, recitals and local concerts to secure the co-operation of the musicians, and even the clergy might be interested. The possibilities the speaker considered unlimited.

The proposal was heartily applauded and brought a number of those present to their feet to commend the idea. A vote was taken and showed that the meeting was unanimously in favor of carrying out the scheme on a "National Music Week." It was suggested that a committee be placed in charge of this proposition and the nominating committee was accordingly asked to retire and bring in a report. This resulted in the unanimous decision of the following with power to add to their numbers, the committee to elect its own chairman: Frank Whitehouse, Peterboro; John Harper, Ottawa; W. N. Manning, London; J. A. Crodon, London; H. A. A. Smith, Quebec; A. P. Whips and C. W. Lindsay, Montreal; Fred Kiler, E. J. Powers, J. P. Brad and P. A. Teatral, Toronto.

BOLSHIEVIKI MASSACRED 2000.
CHASK, Saturday, April 12.—Indisputable evidence of the massacre by the Bolsheviks of more than 2000 civilians in and near the town of Osa, have been obtained by Messrs. Stimpson and Emerson and Dr. Rudolph Feiler, of the American Red Cross, who have just returned from Perm, Osa, and other re-occupied Russian territory. Approximately five hundred persons were killed at Osa, and 1,500 in the surrounding districts.

BUILD BIG U.S. TONNAGE.
WASHINGTON, April 15.—Steel ships built in America, yards this summer are expected to total at least four million tons. The great problem in steel tonnage this year will be the result of the tremendous preparations started under the impetus of war.

FIRST DIVISION LEAVES.
LONDON, April 15.—The first brigade of the first Canadian division, the 1st Canadian division, is expected to leave for the front under the command of Brigadier-General E. McQuinn, embarked at Southampton, homeward bound. They were accompanied an enthusiastic send-off by the townspeople.

SAYS GERMANS WILL SIGN
NEW YORK, April 15.—German leaders may storm and threaten to refuse the peace treaty about to be offered to them, but when the time for signing comes they will affix their signatures, Oswald Garrison Villard, editor of the Nation, predicted here today shortly after his return from a four month visit to France and Germany. In Ottawa, 15-1 IN NATION

MOISTURE IS AMPL
2,000,000 JAW, April 11.—The weather in this district is slow for seedling operations. One or two isolated days' resort favorable weather, and have commenced harrowing. This week should see much cultivation in progress, but no planting is not expected to take place on a large scale until after Easter. The ample moisture in the ground.

FIXING OTHER ENEMIES' PENALTY
PARIS, April 15.—Austria-Hungary, Bulgaria and Turkey are not particularly promising outsiders but the reparations committee, with the problem of German compensation for damages out of the way, is taking up the question of the financial responsibility of the states, or the remains thereof, along the same lines as in the case of Germany.

THE FORDSON TRACTOR
AT A GLANCE

THE FORDSON IS LIGHT—weighs only 2700 pounds.
THE FORDSON TRACTOR is economical—both to buy and to operate—two gallons of kerosene per acre plowed is a fair average.
THE FORDSON TRACTOR is powerful—will pull 14 inch plow in the stiffest soil or drive a churning machine—maintains 1800 pounds drawbar pull at plowing speed—2500 pounds on low gear. Twenty to twenty-two horse-power is available at the belt pulley.
THE FORDSON TRACTOR IS DURABLE—simple, rugged, accessible in design with few parts. The toughest steel which science can produce are used to give strength and durability instead of depending on heavy masses of metal. All moving parts are enclosed and lubricated—air is washed clean to protect the motor. LIBERAL TERMS—IMMEDIATE DELIVERY.

ASPEN SOCIAL EVENING
A very pleasant evening was spent in the Aspen school April 9th in the form of a "Social Evening" given by U. F. W. A. Sixty-five people attended.

The most interesting of the evening was the presentation of the first part of the evening was taken up with a splendid program of seventeen numbers. The addresses of welcome by U. F. W. A. President Mrs. Blackwell and U. F. A. President Mr. Baker were both pleasing and profitable. The little girls presenting "Little Mothers" are to be congratulated. We wish to thank all those who so kindly helped with program especially Mrs. Baker, Maughan's Orchestra, who furnished the music for the entire evening. A delectable lunch was served at 11:30 after which dancing was indulged in until the "we miss hours" of the morning. A hearty vote of thanks was tendered the ladies for such a pleasant successful evening.

Very delightful was the house party given by Mrs. H. V. Fieldhouse on Thursday evening of last week in honor of her brother Donald N. Eaton of Edmonton, it being the anniversary of his birthday and also to celebrate his safe return from overseas.

The success of the evening was devoted to playing expressive whist there being four tables. The first prize for ladies was won by Mrs. A. C. Eaton of Edmonton while that of the gent was won by Mr. R. Hunter, Miss B. Parsons and Mr. J. Peterson were winners of the consolation. Lunch was in order about eleven o'clock and was very cleverly carried out. Miniature Union Jack flags were the favorite white pink and white carnations made brilliant house decorations.

After lunch a musical contest and music was entered into with great enthusiasm. Mrs. C. Hart capturing the prize in the contest while Mrs. W. E. Simpson delighted all as an accompanist also with her piano selections. One especially pleasing feature of the party was that five of the number were returned men. The following is a list of the guests: Mrs. A. C. Eaton, Edmonton; Miss B. Parsons, Edmonton; Mr. McNeill, Miss M. Johnson, Miss C. Johnson, Miss V. Layman, Mrs. Hart, Mr. and Mrs. W. E. Simpson, Mr. D. U. Eaton, Mr. J. Peterson, Mr. D. Fraser, Mr. R. Hunter, Mr. E. Mills, Mr. R. Harper, Mr. S. Adams, Mrs. A. E. Eaton and Mr. D. U. Eaton, mother and brother of Mrs. H. V. Fieldhouse and Master Donald Milne, who have been here visiting for the past two weeks, have returned to their homes in Edmonton.

The "At Home" of Mrs. C. W. Turner given at the Park Hotel, March 25th was a profound success.

Forty-five guests were invited and all present reported a very enjoyable afternoon.

Mrs. C. Y. Turner, the smiling hostess was dressed in white serge. She met her guests at the opening of the hall. She was not sparing in her efforts to see that her guests were well entertained.

The musical quartette with Mildred Hutton at the piano assisted by E. Turner, C. Ward and M. Pawling rendered the comic song "I ain't got nobody yet" to the delight of every one.

Miss Turner and Miss Brunker sang "Beautiful Ohio." Edna Turner and Miss Brunker rendered the song we all love so well, "Till We Meet Again." Mildred Hutton rendered a pretty piece entitled "When the Blue Sky Turns to Gold."

Last but not least the young peoples chorus sang "Aileen Allamah." All parts being taken. The music was appreciated very much.

Lunch was then served in the dining room below. After which all guests departed.
